Today's Issue for: August 20, 2006

News Alert Class: Ceasfire...God's Will?

Bro Stef's Perspective...

Zechariah 14:2: For I will gather **all the nations** to battle **against Jerusalem**; The city shall be taken, The houses rifled, And the women ravished. Half of the city shall go into captivity, But the remnant of the people shall not be cut off from the city.

The premise of my report today is the scripture above. Here's what I mean...

As we have all been watching the news and pondering the ramifications of a perceived Israeli political defeat, we struggle in our hearts to make sense of an event that has never happened in our life times. Israel lost this battle and gave the political win to Hezbollah. In Israel's existence during the 20th century this has **never** happened!

Whether we admit it or not, all of us in the U.S. feel safer in the world knowing that Israel is on the front lines of this war against **Islamic Fascism** and Israel has been winning, until now. The U.S. and the world as a whole was stunned to watch on live T.V. Israel defeat itself. Because of all the political strife in Israel, they did not have the leadership necessary to stay the course and completely defeat Hezbollah. This loss makes the entire world less safe. All one has to do now is watch CNN and Fox News as you will see all of the muscle flexing in the Middle East grow in it's intensity. Iran just concluded on the heels of Israel's loss, war games showing off their new missile capabilities, thank you Russia and China. North Korea is now about to conduct a below ground nuclear detonation. Again, thank you Russia, China and President Bill Clinton. The [Costa Rican government refuses to acknowledge Jerusalem](#) as Israel's capital city and is pulling their embassy and relocating it to Tel Aviv. They are doing this to appease the Arab Radicals because they are not sure Israel will be able to ensure the peace any longer and I quote Costa Rican President Oscar Arias, "*It's time to rectify a historical error that damages us on the international level and deprives us of any friendship with the Arab world.*" The world is fearful. There is a new political force and framework emerging in the Middle East and it has many extremely concerned. If this weren't bad enough, Anti-Semitism, the hatred of Jews, is on the up rise at alarming rates. Evidence of this is the quote above from Arutz Sheeva News in Israel.

Now to my premise and to answer the question, was the ceasefire God's will? The answer is yes! Yes it is the will of God that Israel will become the underdog and she will be seen by the world as weak. All one has to do is read Zechariah. The language God uses is very strong, "**all nations,**" means **all nations**. All will come to battle against God's city Jerusalem. If Israel was strong and capable of defending themselves it just wouldn't make sense for God to step in. It seems to me that Israel is going to be weakened to such an extent that world knows that it's time to make their move. Israel will come within inches of being completely wiped out, it's at that time that the Lord fights on their behalf and it's this battle found in Daniel, Joel, Zechariah and Revelation that not only saves Israel, but the entire globe from a nuclear holocaust. I should also point out,

"For Zion's sake I will not be silent and for Jerusalem's sake I will not rest."- Isaiah 62.1 1

the war of Ezekiel 38 and 39 paints a picture of an attack against Israel that many believe will be the first campaign of the War of Armageddon where God saves Israel by raining fire down from heaven on the attacking armies. Again, it seems to me that Israel is in a weakened state and/or they are so comfortable with the Antichrist's peace deal, that the Russian-Persian alliance thinks it's okay to run over them. But, as is the custom of God, He has a big surprise for them all. Let's not forget the lessons from history. The radical Islamics' see retreat and not finishing the job as weakness. The minute there's a crack in the foundation, they will exploit it. That's what's happening around the world now. The more there is open dissent politically, the more we fuel their desire to act. Hence, the war in Israel and the most recent attempts to blow airliners out of the skies with liquid bombs. What's coming down the road is the attempt to use shoulder mounted surface to air missiles to get the job done and I'm afraid it's going to happen. **2 Tim 3:1-9** .

As we move closer and closer to the return of Yeshua (Christ), I believe Israel will diminish more and more from the world stage as the defender of the Middle East. Israel will be fighting problems on so many fronts that they will need help from someone...This will set them up perfectly for a political leader to offer them the peace deal of the century and they will take it. It's at this exact time, the time of the seven year peace covenant being signed, that **all peace will be removed** from the earth during the last half of the seven year Tribulation Period or the **Time of Jacob's Trouble** (Revelation 4-22).

Allow me to end this report on an encouraging note...

We know that all of this must happen and that at the end God will rule and reign supreme and all of His enemies will be dealt with accordingly. He will establish His kingdom on this earth forever! We also know that just prior to all of this taking place there will be millions that will be snatched up to heaven by the Spirit of God, see 1 Thessalonians 4:17 .

Now, please stop what your doing and take a 15 minute break and read the entire chapter of Zechariah 14 and then flip backwards in your Bible and read Ezekiel 47 and 48, fight the temptation to skip ahead. **Oh my, how you will be blessed!** I don't want to ruin the story for you, but, wouldn't it be great to say that the city you lived in is called, **"The Lord is There?" Rest well tonight, the world will not be destroyed and our God is a Mighty God and He is in PERFECT control of it all!!!**

Until Next Time The Lord Willing...Blessings to all of you and your loved ones!
