Bro Stef's Commentary...

We are now hearing in the distance the rumblings of war once again. It looks like Israel and Syria are going to get into it next. Some of the articles listed below detail what Syria is doing now to prepare for the next war with Israel. Most who watch and study Israel are in agreement that this war is probably six months off. Therefore, the scripture that warns us of **wars and rumors of wars** is happening all around us. **Matthew 24:4-7**

Just the other day, October 2, 2006 in the U.S. we had some crazed lunatic shoot and kill religious believing Amish children - probably one of the most peaceful people on earth. We are seeing diseases take root that are not the norm and only today, October 3, 2006 I hear on Fox News that our kids are now being taught in some schools, via flash cards, that Homosexuality is okay and acceptable without parents approval! Parents can't even remove their children from the classroom without being charged with truancy. The state belief system supersedes parents and individual belief systems! On our television sets in the U.S. we are celebrating how great it is to accept, support and make Homosexual behavior a new national norm! In Israel you can't blow the Shofar for the New Year, but Arabs can do what ever they want on the Temple Mount. To add insult to injury a Jewish man is hauled away by Jewish and Arab police - an outrage! We are living in perilous days for sure. **2nd Timothy 3:1-5**

These are just a few of those signs that Messiah is returning soon! Please take some time to read the headlines, audio's and video's below.

Then those who feared the Lord spoke to one another, And the Lord listened and heard them; So a book of remembrance was written before Him For those who fear the Lord And who meditate on His name. AMEN! Malachi 3:16
