H5N1 Flue

This strain has NEVER crossed species...

Two nights ago I was watching the news and to my amazement they were discussing The Chicken Flue or it's laboratory name **H5N1**. The person from the Center of Disease Control was explaining that this strain that is in Asia right now has **never** crossed specie lines, until now. They are extremely concerned that it could infect the globe. The reason for their concern is one, the virus can be carried by geese and geese have a large migration route. Two, the disease kills people in their prime, between age 15 and 40.

"For Zion's sake I will not be silent and for Jerusalem's sake I will not rest."- Isaiah 62.1

Think about this with me for a moment. A disease that has the capability of destroying people just as they are in the prime or height of life. Can you imagine what this could do to the working population and the economy. This one disease, if not stopped, could destroy nations ability to remain productive.

John the Apostle warned us in Rev. 6:8 that people would be killed by the beast of the earth. Could this be one of the many plagues that will devastate this planet right before Yeshua returns?

Prophetic Analysis by Bro Stef

The United States is not mentioned in Bible prophecy, why, know one knows for sure. Could it be that we suffer harm by a nuclear attack because we are to concerned with political correctness, than obeying our God who founded this land?

Our government has been warned repeatedly that our enemy can not be appeased and we should plan for the worst and pray for the best. For some reason I do not understand fully, we seem to carry on our lives as though we are exempt from the dangers of another 9-11.

The next time we are attacked I would expect it will be on a bigger scale then 9-11 . I believe that 9-11 was the practice shot at our country.

The Lord warned the Israelites repeatedly that if they disobeyed Him continually, He would leave them to their own devices and allow other nations to conquer them. I think we would do well to heed God's warning. We need to turn from our sin as a nation, ask for His forgiveness, seek true repentance and then and only then will God turn the devourer away from our land. I believe God would actually heal the United States if it turned from it's wicked ways. [**2 Chronicles 6:12-42**]

*Let's not forget the lessons of 9-11. We face an enemy that has no mercy and does not care at all what happens to us as people. In fact, our enemy which is God's enemy as well, would love nothing better then to see us, along with Israel be completely destroyed. They have the time, means and hatred to make it happen... Lastly, it certainly does look as though the world is headed for the **brink of nuclear destruction** and that the only one who will be able to stop it is **The Messiah Himself!***

I believe we need to take this threat very seriously! This is yet another sign that the return of Christ is at hand. He could literally return before you finish this article. **End Story**
