Terrorists will try to carry out an attack on the United States within the next 90 days, a former Israeli counterterrorism intelligence officer predicts.

Juval Aviv, head of the New York-based intelligence company [Interfor](#) and a special consultant to the U.S. Congress, told Fox News his information is based primarily on intelligence "floating in Europe and the Middle East."

An event is "imminent and around the corner here in the United States," he said. "It could happen as soon as tomorrow, or it could happen in the next few months. Ninety days at the most."

## **PROPHETIC ANALYSIS BY BRO STEF:**

What does all of this mean? It's simple really. All one has to do is look at the theme of the above articles. And by the way, before I go any further, I have not stacked the news here, this is the compilation of articles that I have found on the internet while doing my research.

Notice the theme, U.S. will soon come under attack says an Israeli Intel Expert. Anti-Semitism (hate against Jews) is growing in the UK. American's oppose the pull out of Jews from the Gaza. Notice a common thread? Israel is all over the news. This is exactly what the scripture references that are provided show, Yeshua warned us that this would be the case right before His return.

Just look at what is happening all over the world. It's as though people are going mad. We talk about mad cow disease, I wonder if there is a mad human disease? The people I deal with on a regular basis seem bent on their needs and they don't seem to be concerned about their neighbors either. London get's hit by terrorism, the news reports we're next, earthquakes everywhere, tsunamis and unrest all over the globe.

Here's what sends chills down my back though, I see that people are actually getting comfortable with all this madness, almost as though it's just a way of life. That's scary to me. Could we be seeing the prophecy of our Lord coming to pass right in front of our eyes, "the love of many will grow cold?" Are we all developing defense mechanisms that protect us from the pain of all this madness, and are we all growing cold?

I suppose it's easy just to tune it all out. Let me make a confession here, there are times I just don't want to look at the news reports anymore. There are times I just want to stay in my safe place and pretend it's not happening. But we all know that putting our heads in the sand like an ostrich won't make it go away. There is only one hope for our world now and that is the RETURN OF OUR BELOVED MESSIAH! He and only He can literally make it all go away!

So I have a plan to submit to you...It's simple and doesn't take a lot of time. Let's pray for three minutes a day and ask God to work out His plan on earth and ask for peace to reign in Jerusalem. If Jerusalem is at peace then the whole world will be at peace. There is only one way I know of to see peace in Jerusalem, Yeshua has to return....He's our only hope!
