Now that hurricane K is a week old, the thought of what can we make of this storm, has been on my mind and heart. As I have prayed about this, the scripture in Matthew 24 and Luke 21 come to mind repeatedly.

Is Katrina a judgment from God? Is Katrina just a naturally occurring disaster? Was K sent by Satan? Is it demonically created just to wreak havoc on all of us and especially those living in the gulf?

Here's my take on it...

In Matthew 24 and Luke 21 Yeshua describes naturally occurring disasters that seem to increase in their frequency and scope, so much so, that our Lord told us that men's hearts would fail them because of the thought of the terror of those things coming upon us world wide. Note that Matthew 24 and Luke 21 isn't just isolating a single country or geographical area. Our Lord's prophetic declaration is global in it's scope.

Our Lord in Matthew 24 and Luke 21 was trying to tell us, and I believe He knew that the people of His day would not relate to this prophecy with the same understanding as those of us in this generation can. He knew that *the generation of this day, that's us*, would clearly understand all the implications of these prophecies. To understand just how significant our Lord's prophecy is, I would recommend reading this [article](#). It provides clear unmistakable evidence of what we are facing on a global scale.

I have written for years about the "Birth pains" the Lord Jesus predicted would increase in frequency and intensity in Matthew chapter 24 and Luke chapter 21:

- Religious deception and turn to the occult
- Global wars and rumors of wars
- Nation against nation (global upheaval)
- Ethnic group against ethnic groups
- Great earthquakes on a global scale
- Sea and waves roaring
- Famines and Plagues

The above list reads like our headlines in our newspapers today - year 2005. Take notice that the signs above are scattered world wide. They're not relegated to just one area on planet earth. All one has to do is survey the globe and you will find instances of these signs everywhere. Last week it was made extremely clear to us in America that the sea and waves roaring is a serious threat to our peaceful existence on this planet. As I write this report we have more hurricanes brewing off Florida's coast. Now one knows what will become of these, but, it doesn't look as though this years hurricane season is going to be an easy one.

The point to all of this, hurricane K is part of the natural disasters that will, please take note when I say **will** take place and increase in severity. Though this is not immediately comforting, we must face the truth that these types of disturbances will not get better. The earth is preparing for birth, it is in labor pains awaiting the arrival of our Messiah Jesus Christ. The earth is in the midst of severe labor pains. As the time of her delivery grows closer, her upheavals will increase in frequency, number and severity all over the globe.

What does this mean? Anyone who does not know Jesus Christ as Savior and Lord does not have the luxury of time on their side. A decision for Christ **must** be made **as soon as possible**. We are quickly running out of time. If Christians are reading this report and are not fully in line with Christ, it is high time to repent and change your ways - change your current direction and surrender your will to Christ. **The time of our redemption draws very near!**

Lord willing I'll write to you again real soon...

God Bless and don't stop trusting in Him,

Bro Stef

"Many nations shall come and say, Come,
and let us go up to the mountain of the
Lord, To the house of the God of Jacob;
He will teach us His ways, And we shall
walk in His paths." For out of Zion the
law shall go forth, And the word of the
Lord from Jerusalem. -Mic 4:2
