Bro Stef's Commentary:

"Persia Announces Her Intentions"

On October 27, 2005 we were all dumb founded at the declaration, "**Wipe Israel off map.**" Please take a minute to read the article on this announcement [here](#). Iran finally came out of the closet and let the world at large see what all of us who follow Bible Prophecy have known for years.

Iran's intentions have always been the **complete** and **full** destruction of God's people and His land, the land of Israel. It seems to me that we are seeing the Ezekiel armies (nations) that will cover the battle fields like a *cloud*, coming to pass right in front of our eyes.

[For a great study on this battle please go [here](#) and for better understanding of Gog and Magog – today's Russia go [here](#)]

The Bible is very clear that this battle has not occurred yet and this battle is still looming on the horizon. One only has to read Ezekiel 38:8

*After many days thou shalt be visited: in the **latter years** thou shalt come into the land that is **brought back from the sword**, and is **gathered out of many people**, against the mountains of Israel, which have been always waste: **but it is brought forth out of the nations**, and **they shall dwell safely all of them.***

This reference is extremely important. Until the modern day Jews who settled in Israel came *back* into the land in 1948, drawn back by God, Israel was swamp land, it was a uninhabitable waste land. In fact, Mark Twain visited the region in 1867 and said :

A desolate country whose soil is rich enough, but is given over wholly to weeds... a silent mournful expanse.... a desolation.... we never saw a human being on the whole route.... hardly a tree or shrub anywhere. Even the olive tree and the cactus, those fast friends of a worthless soil, had almost deserted the country." (The Innocents Abroad, p. 361-362)

God through His people has turned Israel into a wonderful modern city, so much so, they are the world's fourth largest produce exporter and producer. My point is this, the Bible is clear that the time Israel would be attacked by a Persian-Russian confederacy would be in a time when Israel is blossoming. Even though they have been in a state of war since 2000, know one can dispute the facts, Israel is a land that has blossomed! It has become under Jewish leadership, ***the land that flows with milk and honey!*** This is the day that Moses was told by the Lord would come to pass, as was Abraham. We are the generation, the only generation that have lived to see God honor His promises that were made to the likes of Moses and Abraham.

The fact that Mahmoud Ahmadinejad, Iran's terrorist president has announced Iran's (Persia) true intentions, only brings us that much closer to the time when God will finally bring the nations into the land of Israel for final judgment. Some believe that the Ezekiel war of Gog and Magog and it's Arab confederacy will be in the middle of the seven year "***time of Jacob's trouble,***" or ***The Seven Year Tribulation Period.*** Others believe it will come prior to that time and in fact, may only be one of three wars that will be fought in Israel during ***The Seven Year Tribulation Period.*** Personally, I don't have an opinion on when the war will occur, only because I don't see a definitive timeline mapped out in scripture as to pre-trib, mid or post with respect to this war that Ezekiel says is coming. All that is really important to me is that the Bible is clear that this war is coming and we are seeing the pieces of the puzzle being assembled right now. This is one reason I do not feel Iran will be dismantled. The Bible is clear that Persia, modern day Iran, remains a force to be dealt with in the last days.

With Iran's new found nuclear capabilities and there [Global Positioning Systems](#) (GPS) that will be launched into orbit and make no mistake about it, these are not satellites of peace, they are satellites to make war. You should know that Russia is doing all it can to provide help and support to Iran. After a careful analysis of Ezekiel 38 I guess we should **not** be surprised. Iran and all of the Arab nations will not rest until Israel is "***wiped off the face of the planet.***" This is exactly what the Bible says would come to pass and the hateful environment that would be prevalent during the generation that would attempt to honor the Arab commitment to Israel's destruction. That **hate environment** is here. One only has to look around the globe to see that hate for the Jew, Israel and God are growing at alarming rates, rates that may not be able to be slowed down. In my opinion, I believe we may have crossed, as a global population - the point of no return...

What I find really interesting is how transparent the Iranian government is and how global powers around the globe struggle seeing the lack of wisdom in having little Israel negotiate with terrorists. I mean, the statement that the president of Iran made was plain, clear and very hard *not* to understand. They want Israel gone. Now in the world of negotiations there is an unspoken principal that is always at work. Never negotiate with anyone to whom you already know the outcome. In other words, Israel knows the Arabs want her dead, destroyed, annihilated. Therefore, it is not in Israel's best interest to negotiate with those who are sworn by there religion to her destruction. In fact, if the Arabs do not destroy Israel, then in there religion they are to be killed. The reason for this, is in the Moslem religion, it is believed that the land of Israel belongs to them, the Arabs and was occupied by Arabs, hence, once Arabs have occupied a land they are sworn to regain it or suffer dire consequences. This might be why in Old Testament times, God commanded the Children of Israel to wipe out certain cultures that were not God fearing. Not because God was cruel, but because He knew they were not trustworthy peace partners, therefore, the only solution was to cleanse the land, otherwise watch His people become polluted by false religion and false gods. I think today Israel finds themselves in a similar predicament. Deal with an enemy that will do all it can to destroy you, or follow God and cleanse your land or transfer out those sworn to your destruction. It's a hard call, but this I do know, Israel should not give up one morsel of it's land and should not negotiate with terrorist and/or those sworn to her annihilation. Israel should follow God and His counsel for her, not man's counsel.

With all this being said the truth is, Israel will negotiate and try to make peace even to her own detriment. God tells us in His word that this will happen. He tells us that the world powers at large will pressure Israel to make peace and that peace will bring the world to the brink of complete and utter annihilation. In fact, the only one that will stop the carnage will be Jesus Christ's return to this war torn earth. He's the remedy for the mess we see in this generation!

The Iranian president has unknowingly helped to bring us even closer to the time of our LORD'S return!

Bible prophecy will be fulfilled and I think it is closer than many of us realize...
