## **Today's Alert: Prophetic Update...**

**Hello Friends!**

The article's below pin point the various problems Israel is faced with on a daily basis and how best to conduct this war to stop the shelling of their citizens.

I was listening to Israeli National News last Friday and they were discussing the problems Israel is having and the responsibility all Jews have in the current problem, in that, the nation has lost it's footing and it is not following God's directions - not compromise with the ungodly world. They have hit the nail on the head...unless Israel and all Jews return to their roots and become single minded in their faith in God and take what He says seriously, I'm afraid what we see in Israel now is only the beginning of sorrows for them. I find it interesting that this conflict is still in full swing, it's not a six day war, it will become a long term war. This is because, I believe, God is beginning the process and preparing the world for the Time of Jacob's Trouble or The Tribulation that is waiting to take place in the wings.

If Israel does not return to God what will become of them?

The answer can be found in scripture. Joel, Zechariah, Matthew 24, Luke 21 and Revelation. The answer is "not" what anyone wants to hear, but it's the truth and it is reality! I should add, not only will the Jews pay a price for turning their backs on Yeshua, so will the world at large.

## **So, What Would They Do?**

I was listening with interest when a British reporter was called in by Fox News to give her 'analysis' of the current Middle East conflict between Hezbollah, Hamas and Israel. The context of the interview was in relation to Hezbollah's upping the ante by firing a new, longer range rocket into Afula, some ten miles south of Haifa.

## **Outrage Misplaced?**

It appears that Hizbollah has scored a major propaganda triumph through a callously staged carnage of women and children in Qana, Lebanon. You may think this is just another prejudiced attempt at propaganda in favor of Israel. But before you draw that conclusion, consider these established facts:

## **Olmert: No Ceasefire Anytime Soon...**

Prime Minister Ehud Olmert said clearly on Monday night, "There is no ceasefire, and there will be no ceasefire in the coming days." In a nationally-televised address to local government officials in Tel Aviv, the prime minister said there would be no peace until Hizbullah returned the IDF soldiers kidnapped by the terrorists on July 12th and its rocket attacks on Israel were halted.

## **IDF Begins to Question Cause of Explosion in Kfar Kana:**

An initial IDF inquiry has revealed that Israel may **not have been to blame** for the explosion that killed more than 50 civilians in the southern Lebanese village of Kafr Kana on Sunday.

Then those who feared the Lord spoke to one another, And the Lord listened and heard them; So a book of remembrance was written before Him for those who fear the Lord And who meditate on His name. AMEN! Malachi 3:16
