***News Alert Class: Attack Against Jewish Identity***

---

***Bro Stef's Commentary:***

Below is an email I sent today to Ellen Rofman, Western Region Director of the American Friends Of The Magen David Adom. This organization is much like our Red Cross. The good they do is unbelievable. Recently, they've been under attack politically to remove the Star of David from there symbol. As I detailed below the Star of David is more than a symbol, it's a symbol that God gave us to be our national identity that represents the covenant God made with His people, the Jews. I believe with all of my heart that the world at large is doing all they can try to do away with any and all Jewish identity. I think this is borne out by watching the current events in Israel today. To read there newsletter that got me all fired up please go to:

I would encourage you to take a moment and pen out your thoughts and let Ellen Rofman know how you feel about this important issue. I just think we have to all we can to stop the assault against God's people.

***Subject:*** Response to Winter Issue 2006

Dear Ellen:

I read your message in the Winter 2006 issue and though I can appreciate your position. I have to tell you that I think the political posturing that your organization is taking will come back to bite you in the future.

The reason I say this is very simple actually. Before I get into my thought process, allow me to say this first. I follow on a daily basis everything that happens in Israel - the best I can through Israeli media. I read on a "daily" basis Debka, Israeli National News, Jerusalem Wire, Ha'aretz, Jerusalem Post, Israel Today and a host of other media sources. I would say that I'm well informed. I would agree that there is no replacement for actually living there.

However, with that being said this is how I see the situation.

To me the Star of David is much more than just a common symbol. The Star of David represents our allegiance and covenant that G-D made with His people. The Star of David is at the very heart and foundation of our identity as Jews. Around the world when you see the Star of David it says we are Jews. Today and probably more so in this generation we have been asked by the world community to surrender portions of our land to our sworn enemies. We have been asked and in most cases it has been demanded that we make all the compromises in an effort to bring about peace through appeasement. We all know that appeasement only makes the political frame work worse. The world should have learned the lessons of WW II. Evidently we have not...

There comes a time in everyone's life and in a country's life to stand up and be counted. To take a stand and to say, enough is enough. The Jewish community has made 99% of the compromises to appease the world at large, and I think it is time to take a stand and say, "we will not surrender our identity." If we cave on this, I assure you we will be asked to cave in on more. All one has to do is look over the landscape and tapestry of history to see that appeasement never-ever accomplishes anything. All this will do is strengthen the hand of those that would like to see your organization defeated and the State of Israel to become non-existent.

Ellen don't be fooled into thinking there's no linkage between your course of action and the pressure being brought against your organization and the State of Israel. Your organization is a Jewish one and the world body at large doesn't look too favorably on that. The world sees you and Israel as one. It's okay that the flags of all countries keep their identities, but not Israel or its life saving organization? Why? And by the way Ellen, because Islam cries about it - that isn't enough to alter your organizational symbol!

I would ask you Ellen to think long and hard before you throw in with the appeasers. Ellen, take a stand for what's right. Stand up against the evil of our day. ***If good people do nothing then evil can prosper.*** Do good Ellen and stop this evil attack against our national and religious G-D given identity! One person can make a difference...

Thanks for listening...

To Your Continued Success,

Stephan McCarroll
